

## Locker Use Policy

Adopted by the Policy Committee on 10/7/2019

The Department of Mathematical Sciences provides these lockers to students who are currently enrolled at UM, on a first-come, first-served basis. There is no charge, and a deposit is no longer required\*\*\*, but please note the following conditions:

1. Users provide their own locks. The Department has a limited number of locks that can be purchased for \$2.00.
2. The Department and the University are not responsible for any damage, theft or vandalism that may occur to the locker and/or its contents. Users are advised not to store valuable items in their lockers.
3. It is prohibited to store in the lockers flammable or illegal items, and weapons of any kind.
4. A locker will be considered abandoned if its user does not contact the Department within four weeks after a request has been posted on the locker. The Department reserves the right to cut the lock of an abandoned locker and to dispose of the contents.
5. The lockers are University property. The Department of Mathematical Sciences reserves the right to open and inspect any locker. Except in urgent cases, a lock will only be cut if a locker is considered abandoned.
6. The Department reserves the right to modify this Locker Use Policy; the changes will be effective four weeks after the revised policy has been posted near the lockers.

---

\*\*\* If you previously paid a locker deposit, please contact Professor Nikolaus Vonessen as soon as possible (and no later than May 2020) to arrange for the refund of the deposit.
